

*After a series of 'hair-raising rides' I had not ridden for almost 12 years, I had lost my confidence and thought I would never ride again but that was before I was introduced to Hazel at Nineacres Equestrian Centre. I have now had several lessons with Hazel and am thoroughly enjoying being around horses and riding again. I enjoy the before and after lesson elements - in getting the horse ready for the lesson and then rugging up afterwards - as much as the calm and relaxed atmosphere Hazel creates during the session. Hazel is very good at sharing her knowledge and passion - I have learnt so much in just a few months and know that there is lots more to come. Thank you Hazel!*
