

***WR – Returning to riding and has gone on to buy her own horse.***

***'As someone who has been riding for some time, but out of practice, I was a bit apprehensive about going back for lessons. Hazel has been so welcoming and encouraging, that I haven't felt embarrassed once! She is very patient, takes you right back to basics, and reminds you of everything you once knew but have forgotten over the years. I have thoroughly enjoyed the lessons and although I can't quite believe how much I have to learn again, I feel in safe hands and can see an improvement every time'.***
